How many fixed sprinklers / other: _____

Do you wish to hire a metered standpipe or use your own (only for contractors needing to draw water from Council mains)?

- Hire Use your own

SEWER SERVICE:

- A new standard sewer service
- An alteration to an existing sewer service

STORMWATER DRAINAGE WORK:

- New stormwater drainage work
- An alteration to existing stormwater drainage work

SECTION E: CONDITIONS OF INSTALLATION

Council's water installation will terminate at the meter. The water pipe from the main and the meter remain the property of Council but it is the owner's responsibility to protect it against frost and other damage. The use of a protective cover over the meter is highly recommended. It is also the owner's responsibility to maintain reasonable access to the service and meter at all times.

Note: if anything inhibits access the owner will be responsible for the cost of reinstating access.

Council's sewer service will terminate in a junction / pipe socket. The owner is responsible for the internal service and the IO.

If approved, the services will be supplied to a point just within the property boundary.

SECTION F: ROUGH SKETCH PLAN OF THE SITE

Preferred water service location marked with an **X**
Preferred sewer service location marked with a **Y**
Measurement from the boundary
North point

SECTION G: APPLICANT CHECKLIST

Water supply / sewerage / stormwater drainage work		Yes	N/A	Office Use
1.	Consent from all owners	<input type="checkbox"/>		<input type="checkbox"/>
